

Grand Valley Image Battle – 2016

Host Club – FERGUS & DISTRICT CAMERA CLUB

Date:

Sunday, November 6, 2016

Time:

1:30 pm Arrival

(Judging to start promptly at 2:00pm)

Location:

St. James Anglican Church

171 Queen St. East, Fergus, ON N1M 2W7

RVSP:

by October 23 to fergusphotography@gmail.com

Entries:

- Each club may enter 18 images
- any combination of prints and projected (digital) – no slides
- This is an open category competition.
- Clubs may choose their entries based on their own criteria so long as they conform to the image standards set out below.
- All digital files must be received no later than October 23th
- The attached entry form must be used and must accompany your entries.
- Submit all images to fergusphotography@gmail.com

It is suggested that clubs include images from as many club members as possible. The competition is intended to be a showcase of the achievements of the club as a whole and not just a few members.

Entry Deadlines:

Digital

- All digital images and entry forms must be received by the Fergus & District Camera Club no later than October 23, 2016.

Prints

- Prints are to be delivered by 1:30 pm on the day of the competition
- Prints must be labelled to correspond to the Entry Form and the digital copy previously submitted. (See above)
- Clubs are responsible for picking up their prints at the end of the competition.

Image Standards:

Digital

- Files must be saved as a JPG file.
- The colour format must be sRGB for projection standards.
- Images must be resized to maximum 1024 pixels wide and maximum 768 pixels high. Therefore a horizontal image can be no larger than 1024 wide by 768 high and a vertical image can be no larger than 768 wide by 768 high.
- All images must be presented in their proper orientation.
- Images will be shown as submitted. They will not be resized, rotated or adjusted.

Prints

- Prints must be no smaller than 80 square inches (for example, 8x10 or 7x14 or 6x13, etc.) and no larger than 16"x20".
- Images must be mounted on clean, firm board (such as white or black foam core), measuring no more than 16"x20". Mats are optional, but must be white or black only, and if a mat is not used the image must be FIRMLY adhered to the mounting board.
- Prints may be made from film (slides or negatives) or digital files and may be commercially or maker printed. However, the entrant must do all digital processing.
- No identification is to be visible on the front of the image or mat.
- Identification must be on the back of the mounted print in the upper left hand corner with the following information:
 - Title,
 - Name of maker,
 - Name of Club, and
 - An arrow indicating the top of the print.
- A digital copy of printed images is required, sized and formatted for display as below, so that the image may be projected for the audience while the print is being judged.

Digital file names

Please name digital files using the following protocol: **##XXtitle.jpg**

'##' is the image number from 01 to 18: 'XX' is your club code: 'title' is a short file name or title.
For print images, preface the file name with a P.

Example:

A digital image titled Old Locks is the 3rd image entered by Woodstock Camera Club and it will look like this on the entry form: 03WCOldLocks.jpg.

If it were a print, and was the last entry on the entry form for the club, it would look like this:
P18WCOldLocks.jpeg.

Club Codes

Bayfield	BA
Brant	BC
Fergus	FC
GRIPS	GR
Halton Hills	HH
Highland Glen	HG
Maitland Valley	MV
Orangeville	OC
Stratford	SC
Woodstock	WC
